

Need a Team Policy

While most players come to the Cage already on a team, there are times when a player needs to find a team. We'd like to help everyone that wants to be placed on a team but sometimes the other teams already have a full roster. In order to initiate the process of calling teams, we require a completed player application on file. We would also like some general information regarding the player's basketball experience.

It is the responsibility of the parent to review and qualify any coach that is interested in accepting their child to play on his/her team. Cage Sports, Ltd., its managers and owners do not pre-qualify coaches or perform back ground checks and do not assume any liability of people coaching at The Cage Fieldhouse.
